

ParaStone COLOR SYSTEM

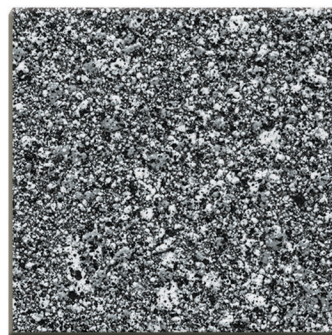

Paramount ParaStone

ParaStone is an ultra-thin, architectural concrete spray texture consisting of a liquid polymer and a specially formulated cementitious powder, and an easy-to-use coloring kit.

ParaStone tenaciously bonds to virtually any substrate, including concrete, wood, metal, plastic and sheet rock, delivering a beautiful, robust, colorful, and modern cementitious finish to add depth and slip-resistance to any patio, pool deck, driveway, walkway, and more.
